Package: mlbstats (via r-universe)

Type Package

Title Major League Baseball Player Statistics Calculator

Version 0.1.0

BugReports https://github.com/pdwaggoner/mlbstats/issues

Author Philip D. Waggoner <philip.waggoner@gmail.com>

Maintainer Philip D. Waggoner <philip.waggoner@gmail.com>

Description Computational functions for player metrics in major league
baseball including batting, pitching, fielding, base-running,
and overall player statistics. This package is actively
maintained with new metrics being added as they are developed.
